EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

Reasons for allowance

1. The following is an examiner's statement of reasons for allowance:

The Terminal Disclaimer, filed on September 24, 2004, is effective to overcome the obviousness-type double patenting rejection under U.S. Patent 6,676,300.

The prior art of record fails to disclose or reasonably suggest a method and an apparatus of a connector ferrule for an optical connector with a pair of guide hole for guide pin insertion and one or a plurality of optical fibers positioning holes extending inwardly from the connection end surface, wherein the connector has a filler with an average particle size of no more than 40 μm and a chamfer provided at the opening edge portion of the guide hole.

Claims 1-16 are therefore allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
